HARTFORD, KY., FRIDAY, OCTOBER 17, 1902.

The man on the stage who does the trick of escaping from firmly tied ropes, submits to the bonds with a smile. He knows he can get out of the ropes that are being knotted. Put the same man in the woods and let Indian captors bind him to a tree for torture and he would struggle to the last against the bonds.

When the stomach is diseased there are bonds being woven every hour about the organs dependent on the stomach—heart, lungs, liver, kidneys, etc. The folly of mankind is to passively submit to the fastening of these bonds with no effort to escape until the pain they cause arouses fear.

A Letter of Thanks.

Having won the watch in the Teachers contest, I wish to extend my most sincere thanks to all those concerned in the presentation of this lovely and valuable prize, and may the chains of sacrifice that extended from the many homes of Ohio county be so closely linked within my mind that none can be broken by words or deeds. Plant within your mind my appreciation for this prize, so deep, that your friendship will always be as faithful for me in the future as has been during the contest. Within my memory, it shall be regarded as a go den act and thought of friendship from the hands and souls of mortals that glisten with charity and love, never to rust from the efforts of deceit. May God's richest blessings be scattered over the pages of THE RE-PUBLICAN so earnestly, and may they be so properly cultivated, that success will guide it through journeys of repaid progeess, to the many homes

Heart disease is curable, but in people of advanced age it does not readily lend itself to ordinary treatment. There is, however, hope for all sufferers in Dr. Miles' Heart Cure, which we know from watching hundreds of cases and from the letters of grateful sufferers, will cure where all else has failed. It is not only a wonderful cure for weak and diseased hearts, but it is a blood tonic, a regulator of the heart's action and the most effective treatment ever formulated for improving the circulation of the blood.

"During the Civil war I contracted heart "During the circulation of the blood.

"During the Civil war I contracted heart disease, and in 1866, while living in the grand old town of Lexington, Va., I grew so much worse, I left there with my wife to visit my sister-in-law, Mrs. T. A. Kirby, at Roanoke, Va. While I said nothing to anyone I never expected to live to return to the dear old town. On reaching Mrs. Kirby's she insisted I should try Dr. Miles' Heart Cure. I procured a few bottles of it, also the Nervine and Tonic. After using one or two bottles, I could see no improvement, and I despaired of ever being better, but my faithful wife insisted on keeping it up, which I did. Improvement soon began in earnest and I took in all fifteen or sixteen bottles. I was restored to perfect health and while I am 70 years old, I am comparatively a boy.
